

WHO WE ARE

We are one of the Philippines' leading liquefied petroleum gas (LPG) brands and innovator of the country's first LPG convenience store.

Brent Gas is strategically located in different areas of Luzon operating with around 250 stores, 13 refilling plants, 3 cylinder manufacturing and repair facilities in Luzon and in Visayas, and support from over 1000 employees.

Since 1996, Brent Gas' commitment remains the same by providing Filipinos opportunities to achieve their dreams of becoming successful entrepreneurs.

ARE YOU LOOKING
TO INVEST?

CHOOSE BRENT Gas

Liquefied Petroleum Gas (LPG) is one of the most in-demand products in our day-to-day living. With over a thousand applications from the most popular like cooking, heating, drying, and refrigeration to numerous other commercial/industrial and agricultural purposes, LPG has proven its versatility.

Brent Gas will SERVE you, and will LEAD you. With all our resources from expert leaders to production to logistics, we assure you of business continuity and steadiness. We recognize each and every customer we have. We provide them with personal care and satisfaction.

As our partner, Brent Gas will provide you the same. With low risk and affordable investment, we give high returns. Together, we will grow our business and improve the lives of the Filipino people.

FRANCHISING

BUSINESS WITH COMMITMENT

Brent Gas is committed to enhance its customer experience with its vast resources integrated with socially and environmentally responsible practices to achieve the ultimate goal of being the preferred brand in the LPG industry.

LONG TERM GROWTH POTENTIAL

Be integrated into Brent Gas' vast LPG logistics and distribution network, becoming a fully-integrated LPG Powerhouse that caters to Retail, Commercial and Industrial Markets.

DISTINCTIVE PRODUCT AND PROVEN BUSINESS MODEL

LPG is considered as a "basic necessity", and the demand outlook has been steadily increasing over the years. Tapping into this vast market with massive potential is key in the stability of the LPG business.

ORGANIZED SUPPORT AND LOGISTICS INFRASTRUCTURE

Brent Gas operates its own fleet of delivery and bulk LPG trucks making its products more accessible to Filipino families in Luzon and soon across the Philippines.
